

Working together for a healthier world®

2017 Pfizer Young Pharmacist Grant

At Pfizer, we apply science and our global resources to improve health and well-being at every stage of life.

We strive to set the standard for quality, safety and value in the discovery, development and manufacturing of medicines. Our diversified global healthcare portfolio includes human biologic, small molecule medicines and vaccines, as well as many of the world's best-known consumer products.

For more than 150 years, Pfizer has worked to make a difference for all who rely on us.

Up to \$10,000 available

This award is for future leaders of hospital pharmacy to gain international experience, professional development and assist with service improvement in Australian hospital pharmacies.

Areas of focus:

- Professional assistance for SHPA members ≤ 10 years post-registration experience in hospital pharmacy
- Funds are available for a national or international preceptorship
- Grant focus is to enable successful applicant to share ideas and knowledge with preceptor(s) of their choice

Applications should include:

- An outline of your hospital pharmacy experience and achievements
- A plan or outline of the preceptorship including a detailed budget and milestones
- Rationale detailing the reason/s for wanting to undertake the preceptorship
- A letter of support from your Director of Pharmacy or equivalent-
- An outline of your publication plans.

For applications to be eligible for consideration, you must comply with all general and mandatory grant conditions and any specific Pfizer Young Pharmacist Grant requirements.
